

# Summary of Local Authority Performance Profile Results at 22/04/2026

(Results for other Local Authorities are anonymised due to the restrictions around the use of individual Local Authority results from the Local Authority Performance Profile)

### Total number of measures in the upper and upper middle quartile

### Percentage of measures in the upper and upper middle quartile

(The total number of measures for each local authority varies slightly due to factors such as whether they have retained their housing stock, hence why Ceredigion has a higher proportion of its performance measures in the upper and upper middle quartile).

### Change (most recent data compared to previous data)
