

Respite/Short-Term Care Charges for the 2026/27 Financial Year

The Social Services and Well-Being Act (Wales) 2014 was introduced on 6th April 2016 and, therefore, from that date both Respite and Short-Term placements are assessed under non-residential rules. From 6th April 2026 this will be subject to a maximum £100.00 weekly cap.

This applies to people having Respite (which at the point of admission is for a maximum of 6 weeks) or Short-Term placement (where the placement is not expected to exceed 8 continuous weeks at point of placement).

Please note that charges for any Non-Residential Services received are calculated on a weekly basis from a Monday to Sunday night inclusive.

This means that even if a person is in Respite or a Short-Term placement for only 1 night the charge will be the same as that for a Monday to Sunday night stay. If their stay spans two separate weeks for example from a Wednesday to a Wednesday, then they will be charged for 2 weeks. This is because their stay starts in one week and ends in a different week as the assessed week starts on a Monday night and ends with the Sunday night.

Their weekly maximum contribution will not exceed either their weekly assessed charge (if applicable) or the maximum weekly cap of £100.00, whichever is the lowest.

If you are admitted to hospital during a Respite or Short-Term placement, a charge will continue to be incurred for the placement until a decision is made as to whether or not the placement is required.

If you have already been assessed for non-residential services for the 2026/27 financial year the assessment will apply for any Respite/Short-Term placements, and you will not be charged more than your assessed maximum weekly contribution in any given week.
